## WAIVER OF INTERNATIONAL REGISTRATION

The undersigned has been advised by Insured Aircraft Title Service, Inc. ("IATS") that the services it has offered in connection with title searches, registrations and filings and related services at the Aircraft Registry of the Federal Aviation Administration ("FAA") in Oklahoma City, Oklahoma, for aircraft objects owned by citizens of the United States may require similar services at the International Registry ("IR") created by the treaty of the United States with other contracting states pursuant to the Convention on International Interests in Mobile Equipment and the Protocol to the Convention on International Interests in Mobile Equipment on Matters Specific to Aircraft Equipment.

The undersigned acknowledges that the undersigned has been advised by IATS of the consequences relating to the election by the undersigned not to engage IATS to examine the status of the title at the International Registry or to effect a registration at said IR as same relates to the status of the title to the aircraft and the aircraft objects, and to the security interest of the undersigned filed at the FAA.

The undersigned, for itself, its successors, assigns or personal representatives, in consideration of the rendition of services in connection with registrations by IATS to perform such services at the FAA and its advice with respect to the IR, does hereby waive the right to engage IATS to effect registration at the IR and releases, acquits and forever discharges IATS from any liability for consequences to the undersigned incurred by the failure to so register.
